Impact the maneuverability and ease of use

SPECIAL FEATURES

Stability and Efficiency; The 25 Pcs Belt-Type Collation ensures superior stability in high-speed applications. Its lightweight strip enhances alignment, minimizing the risk of jams or misfeeds, particularly with long screws.

Effortless Loading: Loading 25 Pcs Belt-Type collated screws into compatible screw guns is quick and uncomplicated.

Tool Compatibility: Designed for seamless integration with commonly used tools.

Enhanced Performance: Shortened strips eliminate interference from the chain's dangling tail, improving convenience and precision during collated screw gun usage.
